2010 Editorial Opportunities

Renew Grid invites its readers and industry professionals to be active participants in the magazine's editorial content. Here are your opportunities:

Projects & Contracts

Provides details about new smart grid projects.

Submit: Project and contract details, including photos, and name and telephone number of the appropriate contact person

Products & Technology

Features smart grid products and services.

Submit: Product/service details, including photos and the name and telephone number of the appropriate contact person

People

Announces personnel moves of interest to industry professionals.

Submit: Brief announcement, including the person's photo and telephone number

FYI

Reports news about companies in – or doing business with – the industry.

Submit: Company news and photos of people quoted

Calendar

Lists events of interest to people involved in the industry.

Submit: Event news, including event name, dates, location, sponsor, Web site and telephone number

New & Noteworthy

Provides news and analysis of trends affecting the smart grid market.

Submit: Industry news and analysis

Policy Watch

Features political and regulatory decisions that affect smart grid development.

Submit: Information on policy and regulatory developments

Contributed Articles

Renew Grid generally publishes two types of timely articles: features that examine and analyze industry trends, and features that give readers “nuts and bolts” information about how to improve their operations. To contribute an article, contact the editor to discuss your idea.
